January 26, 2016

# our long-term goals and priority areas

## improved systems of care

### 2024 (10-year) Targets

1: 0% uninsured in California

2: % increase in CA's vulnerable populations with access to an engaged network effectively addressing DV

3: % increase in safety net patients receiving value-based care

4: improved patient engagement / survivor experience

### 2016 priorities

Promoting **value-based care** in the healthcare safety net and increasing patient engagement

Enhancing **care integration** for health care and domestic violence (DV)

Building **DV systems of care** and improving survivor experience

Developing options to promote access to care for the **remaining uninsured**

**Emerging Opportunities** Portfolio

# Our recent innovation investments
